

- El protector facial evita lesiones, protege contra partículas extrañas, polvo, calor y es resistente al impacto
- Con acojinamiento interno para un buen ajuste en el frente
- Máxima protección para el rostro con excelente visibilidad
- Cuerpo fabricado en polipropileno y mica elaborada en policarbonato
- Ligera y confortable

Instrucciones:

- Desatornille las tuercas laterales de ajuste. (Fig. 1)
- Sin remover el tornillo de ajuste ensamble la mica y fije la tuerca. Verifique que la mica no quede separada de la visera. (Fig. 2)
- Colóquese el protector y tire de la cinta elástica hasta obtener un ajuste apropiado (Fig. 3)

- The face shield provides protection against injuries, shielding from foreign particles, dust, and heat while being resistant to impact.
- It features internal padding for a secure fit on the front.
- Offering maximum protection for the face without compromising visibility.
- Crafted with a body made of polypropylene and a visor made of polycarbonate.
- Lightweight and comfortable to wear.

Instructions:

- Loosen the side adjustment nuts. (Fig. 1)
- Without removing the adjustment screw, attach the visor and tighten the nut. Ensure the visor is securely attached. (Fig. 2)
- Put on the protector and adjust the elastic band until you achieve a snug fit. (Fig. 3)
